EDUCATION

Sukkur IBA University
BS Computer Science

(September 20, 2020 - Present)

As a BS Computer Science student, I have gained a comprehensive understanding of computer programming and its applications. My education has provided me with a strong foundation in computer science theory, software development, database management, and systems analysis. Through my coursework, I have developed proficiency in various programming languages, algorithms, and data structures. Additionally, I have acquired practical skills through hands-on projects and collaborative work with peers. My education has equipped me with the ability to analyze complex problems and develop innovative solutions using cutting-edge technologies.
